

2026 年秋季江苏师范大学国际学院

留学中国本科入学学业水平测试（CSCA）预科班项目招生简章

2026 Fall CSCA Preparation Program for Undergraduate Admission to Chinese Universities

项目简介 **Program Introduction**

江苏师范大学是江苏省重点省属高校，全国首批“有资格接收外国留学生的高校”“中国政府奖学金委托培养高校”。根据中国教育部留学基金管理委员会留金来管〔2025〕47号文件精神，全球首次留学中国本科入学学业水平测试（CSCA）于2025年12月21日正式举行。自2026年起，所有申请进入中国政府奖学金资格院校攻读本科学位的国际学生，无论参与中国政府奖学金项目或是自费留学，均须参加国家统一组织的学业水平考试，并依据考试成绩获得高校录取及奖学金评定资格。

Jiangsu Normal University (JSNU) is a key provincial university in Jiangsu Province and one of the first institutions in China authorized to admit international students. It is also designated as a “Chinese Government Scholarship Training Institution.” According to Document No. 47 [2025] issued by the China Scholarship Council (CSC) of the Ministry of Education, the world’s first China Scholastic Competency Assessment (CSCA) for undergraduate admission was officially administered on December 21, 2025. Starting from 2026, all international students applying for undergraduate programs at universities eligible for the Chinese Government Scholarship—regardless of whether they are applying as scholarship recipients or as self-funded students—must take the nationally administered CSCA. University admission decisions and scholarship eligibility

will be determined based on the exam results.

针对此项国家新政，江苏师范大学整合优质教学资源，专为参加留学中国本科入学学业水平测试（CSCA）的国际学生设计了全方位、系统化的 CSCA 冲刺班项目。该项目提供数理化基础课程、专业的汉语（HSK）强化培训及中国国情教育，旨在帮助学生全面提升学术语言能力、掌握学科基础知识，从而在 CSCA 测试中取得优异成绩，助力学生顺利进入理想高校深造。

In response to this new national policy, Jiangsu Normal University has integrated its high-quality educational resources to develop a comprehensive and systematic CSCA Intensive Preparation Program specifically for international students who plan to take the CSCA. The program offers foundational courses in mathematics, physics, and chemistry, intensive Chinese language (HSK) training, and education on China's national conditions. It aims to help students enhance their academic Chinese proficiency, master subject fundamentals, and achieve outstanding results in the CSCA, enabling them to successfully enter their desired universities for undergraduate study.
